

INSTALLED SALES

Lead to Close Project Management

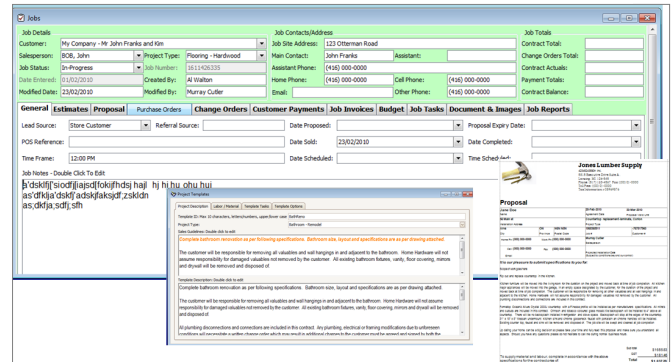

LEAD - PROPOSAL - SCHEDULE - REPORT

- Organize and track your installation/package sales business with ease
- Track leads, job progress, estimated vs actual, comprehensive reporting and much more
- Easy to learn, save hours of administration work
- Consistent, professional customer experience from all staff by using the same system
- With available estimating & POS integration eliminate duplicate data entry
- Set your own defaults for security access, taxes, contract terms, virtually all document text
- Template system to ensure Proposals are consistently and properly worded
- Save, print, email every document in choice of formats
- Manage profitability by comparing estimated and actual costs by job (material, labour, misc.), by project type and sales person + many more types of reports
- Single or multiple users, one data base of customers and job history
- Developed by industry veterans for the LBM industry... the only Installed Sales Solution
- Increase productivity, close ratios, reduce errors and increase profits
- Comprehensive training and support available

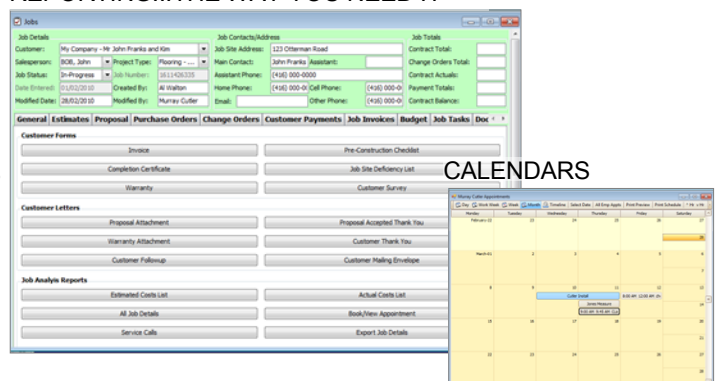

FAMILIAR, FRIENDLY INTERFACE

JOB SCREEN, WORD PROCESSING, DOCUMENTS

REPORTING...THE WAY YOU NEED IT
